info@leesburgfc.com

Leesburg Football Club is looking to add a girls NCSL team for this fall in the U16/17 age group.

If you are interested in a team that has fun and focused practices twice a week, competes in local tournaments, and has much lower fees than the local clubs, then you have found your home!

Our team will focus on...

- **Enjoying** the sport!
- Competing **with** each other at practice so we can compete **for** each other in games.
- **Developing** our technical skills **equally** with our tactical vision.
- Playing physically **and** respectfully.
- Training with clearly **communicated goals**.
- **Learning** what makes a varsity player if that is your goal.

"PLAY HARD. PLAY SMART. DON'T QUIT!"

The team will be coached and trained by Jesse Sheehan. I am a nationally-licensed coach with over 20 years of high-level club and high school coaching experience. I carefully plan all sessions within my season's curriculum. I am also a chemistry teacher and soccer dad who understands the need for flexibility with the demanding schedules of high school kids. [Click here to see my coaching/teaching resume.](#)

We will be committed to helping parents develop **growth-minded** young people through strong and consistent leadership and communication.
